WORK EXPERIENCE

WEB DEVELOPER

(2019 - present)

Denver Center for the Performing Arts is one of the nation's largest non-profit theatre organizations.

- Developed a React app that interfaced with our ticketing API to improve user experience, facilitating 20,000 dollars in sales
- Helped design and develop reusable, dynamic components for our emails
- Worked with designers and marketing teams to build the website for David Byrne's Theatre of the Mind
- Managed the content for denvercenter.org, building pages for the on-sales of theatrical seasons education classes.
- Joined an accessibility work group, developed remediations for denvercenter.org

TUTOR

(2018 - 2019)

2U is an educational technology company that partners with college campuses across the world to provide Boot Camps focused in web development. Cyber security, data analysis, and UX development.

- Assisted students with their web development learning
- Performance consistently rated 4.5/5

TEACHING ASSISTANT

(2018 - 2020)

The University of Denver Coding Bootcamp offers students the chance to learn new skill sets in web development, enabling them to change careers.

- Facilitated class learning, discussions
- Helped students debug their projects
- Cultivated a culture of cooperation
